

PRESIDENT'S MESSAGE

We all enjoyed excellent course conditions and quality clubhouse services in 2022- thanks to Justin and Tim for their leadership. While faced with significantly higher operating costs, our course superintendent and manager were able to minimize the impact to the budget. Several needed improvements and repairs were also addressed including replacing the pond aerator, entry sign, rebuilding the rough mower, repairing the flagpole and completing hole four teeing ground.

In preparation for the 2023 season the finance committee met to determine if any changes to rates, fees, etc., were needed. While inflation has slowed, the club's 2022 revenue was less than targeted and the finance committee recommended changes to membership rates and fees. It is important to the long term success of the club that yearly revenue cover operating costs and any required equipment and clubhouse repairs. The board reviewed the proposal from the finance committee and approved the recommendations. Note our membership rates have not been raised for many years. The board also approved adding another tournament and to continue with the successful 50/50 raffle.

A special thanks to many members who volunteered their time clearing trees, maintaining the flower beds, supporting the youth golf camp and with many other tasks.

YOUTH GOLF CAMP
JUNE 13 -16 8:45 - 11:15
